

THE DIGESTIVE SYSTEM

COME TAKE A RIDE WITH ME

(verse)

WE ENTER THROUGH THE MOUTH
WE ENTER THROUGH THE MOUTH
THE DIGESTIVE PROCESS BEGINS IN THE MOUTH
WITH SALIVARY ENZYMES AND THE PROCESS OF CHEWING
WE ARE PARTLY BROKEN DOWN, WE ARE PARTLY BROKEN
DOWN
THEN WE'RE SWALLOWED, NOW IN THE ESOPHAGUS
THEN WE'RE SWALLOWED, NOW IN THE ESOPHAGUS
WAVE LIKE MOVEMENTS CALLED PERISTALSIS
FORCES US FROM THE THROAT INTO THE STOMACH
WHERE WE TAKE BATHS IN GASTRIC ACID
MIXED WITH CHYME THOSE ARE STOMACH ACIDS
THEN WE HEAD THROUGH THE SMALL INTESTINES
ENTERING THE FIRST PART THE DUODENUM
THEN WE ENTER THE JEJUNUM AND THE ILEUM
THOSE ARE THE FINAL PARTS OF THE SMALL INTESTINES
IN THE SMALL INTESTINES WE ARE BROKEN DOWN MORE
LET ME BREAK IT DOWN MORE, WE ARE BROKEN MORE
THEN WE ENTER THE LARGE INTESTINE
ENTERING THE FIRST PART CALLED THE CECUM
AS WE LEAVE SOLID WASTE IS STORED IN THE RECTUM TRUE
ITS STORED THERE UNTIL WE DO A NUMBER TWO

(chorus)

COME TAKE A RIDE WITH ME, TAKE A RIDE WITH ME
TAKE A RIDE WITH ME, TAKE A RIDE WITH ME
TAKE A RIDE WITH ME THROUGH THE DIGESTIVE SYSTEM

TAKE A RIDE WITH ME, TAKE A RIDE WITH ME
TAKE A RIDE WITH ME, TAKE A RIDE WITH ME
TAKE A RIDE WITH ME THROUGH THE DIGESTIVE SYSTEM
