

# ADAPTATION

(chorus)

WHAT IS ADAPTATION? THE WAY PLANTS AND ANIMALS LEARN TO SURVIVE  
WHAT IS ADAPATION? HOW THEY LIVE IN THEIR HABITAT OR ENVIROMENT  
WHAT IS ADAPTATION? THE WAY PLANTS AND ANIMALS LEARN TO SURVIVE  
WHAT IS ADAPATION? HOW THEY LIVE IN THEIR HABITAT OR ENVIROMENT

(verse1)

WE ADAPT, WE ADAPT, TO OUR HABITAT, TO OUR HABITAT  
WE ADAPT, WE ADAPT, TO OUR HABITAT, TO OUR HABITAT

THERES SOME PLACES ON EARTH THAT'S VERY COLD OR VERY HOT  
AND STILL PLANTS AND ANIMALS LIVE THERE, THEY'VE ADAPTED TO BEING THERE  
SOME PLACES ON EARTH HAVE LOTS OF WATER OR LOTS OF ROCKS  
AND STILL PLANTS AND ANIMALS LIVE THERE, THEY'VE ADAPTED TO BEING THERE  
LETS TAKE A PLACE THAT DOSENT HAVE THAT MUCH WATER (DESERT)  
PLANTS AND ANIMALS BOTH KNOW HOW TO CONSERVE WATER, STORE THAT WATER  
LETS TAKE A PLACE WITH HIGH TEMPERATURES  
PLANTS MOVE THEIR LEAVE TO MINIMIZE SURFACE AREA HIT BY THE SUN  
IN A PLACE WITH HIGH TEMPERTURES  
THEY BOTH REDUCE HEAT OUTPUT AND ANIMALS USE SHADE TO AVOID THE SUN

(chorus)

WHAT IS ADAPTATION? THE WAY PLANTS AND ANIMALS LEARN TO SURVIVE  
WHAT IS ADAPATION? HOW THEY LIVE IN THEIR HABITAT OR ENVIROMENT  
WHAT IS ADAPTATION? THE WAY PLANTS AND ANIMALS LEARN TO SURVIVE  
WHAT IS ADAPATION? HOW THEY LIVE IN THEIR HABITAT OR ENVIROMENT

(verse2)

SOME ANIMALS CAMAFLOUGE- CHANGE THEIR COLOR OR PATTERN TO BLEND IN  
SOME ANIMALS MIMICRY- CHANGE THEIR WHOLE LOOK TO LOOK LIKE SOMETHING  
DIFFERENT  
SOME PLANTS HAVE NEEDLES- TO CAUSE PAIN FEELINGS IN ANIMALS THAT TOUCH IT  
SOME PLANTS ARE POISON- TO HARM AN ENEMY THAT TRIES TO EAT IT..

(chorus)

WHAT IS ADAPTATION? THE WAY PLANTS AND ANIMALS LEARN TO SURVIVE  
WHAT IS ADAPATION? HOW THEY LIVE IN THEIR HABITAT OR ENVIROMENT  
WHAT IS ADAPTATION? THE WAY PLANTS AND ANIMALS LEARN TO SURVIVE  
WHAT IS ADAPATION? HOW THEY LIVE IN THEIR HABITAT OR ENVIROMENT
