

# SURVIVAL OF AN ORGANISM

(chorus)

IF YOU CHANGE AN ORGANISMS ENVIRONMENT  
THEY CAN SURVIVE IF THEY ADAPT TO IT  
OR MIGRATE  
IF NOT THEN THEY WONT MAKE IT  
IF YOU CHANGE AN ORGANISMS ENVIRONMENT  
THEY CAN SURVIVE IF THEY ADAPT TO IT  
OR MIGRATE  
IF NOT THEN THEY WONT MAKE IT

(verse)

IF YOU TAKE A DRY LAND LIKE A HOT DESERT  
WHERE SOME ORGANISMS ARE USE TO IT  
AND TEMPERATURES START FREEZING, WHAT IF  
TEMPERATURES START FREEZING, WHAT IF  
FEW ANIMALS MIGHT SURVIVE IT  
OTHER ANIMALS WILL TRY TO MIGRATE  
AND OTHERS WILL PERISH, OTHERS WILL PERISH  
AND OTHERS WILL PERISH, OTHERS WILL PERISH

(chorus)

IF YOU CHANGE AN ORGANISMS ENVIRONMENT  
THEY CAN SURVIVE IF THEY ADAPT TO IT  
OR MIGRATE  
IF NOT THEN THEY WONT MAKE IT  
IF YOU CHANGE AN ORGANISMS ENVIRONMENT  
THEY CAN SURVIVE IF THEY ADAPT TO IT  
OR MIGRATE  
IF NOT THEN THEY WONT MAKE IT
