

THE NEED FOR CHANGE

(chorus)

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

(verse1)

NOW HUMANS, WE CUT DOWN TREES TO MAKE WOOD

WE USE THAT WOOD TO BUILD BIG HOUSES SO WE CAN LIVE GOOD

WE DIG IN THE GROUND, PLANT TREES, PLANT SEEDS AND PLANT VEGETABLES

WE CHANGE THE ENVIRONMENT AROUND US TO MAKE IT MORE SUITABLE

(chorus)

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

WE CHANGE OUR ENVIRONMENT TO FIT OUR NEEDS

(verse2)

NOW BEAVERS CHANGE THEIR ENVIRONMENT TO FIT THEIR NEEDS

THEY BUILD DAMS AND STOP THE FLOW OF WATER WITH BRANCHES AND TREES

WHEN THEY BUILD THEIR DAMS IT CREATES WET LANDS PROVIDING MORE HABITATS

FOR OTHER SPECIES LIKE FISH, FROGS, TURTLES AND DUCKS
